

BinGO *Green*

EARTH MONTH

Because sustainability is always in season.

walk instead of driving	spend time outside	start a garden	use a refillable water bottle	turn off lights
pick up litter	reuse an item creatively	bring reusable shopping bags	share a fact on protecting Earth	use a reusable travel mug
learn about clean energy	use green cleaners		unplug unused electronics	telework and save a trip to the office
plant a tree	carpool to work or to events	volunteer at a local clean-up	buy local produce	replace a car trip with a bike ride
compost	reduce waste	take transit	get books from the library	recycle
